## What is Horizon Europe?

 Horizon Europe is the EU's Research and Innovation funding programme and runs calls for proposals from 2021 until 2027

- Horizon Europe is the largest international R&I funding programme with a <u>budget of €95.5 billion</u>
- √ Horizon Europe funds all types of organisation (unless otherwise specified in the call documents)

## What does UK Association mean?

#### The UK has Associated to Horizon Europe

(For calls in the 2024- 2027 Work Programmes)

## ✓ UK researchers and innovators can fully participate and be funded in nearly all of Horizon Europe

There are only a few exceptions:

- The European Innovation Council (EIC) Fund which manages the equity element of both the EIC Accelerator and EIC STEP; or
- If a particular call for proposals is limited in the Work Programme to EU Member States or certain other countries

#### √ UK researchers and innovators can lead and coordinate

## What does Horizon Europe fund?

- √ Horizon Europe funds all research and innovation areas
- some calls specify the research and innovation to be done
- some calls leave the R&I area up to the applicants to decide
- ✓ Horizon Europe mostly funds consortium projects
  involving independent legal entities from at least 3 EU Member States or
  Associated Countries (one of which must be a Member State)
- √ However, in some parts of Horizon Europe a single legal entity can be funded
